

On the Subject of Rambopo

L +

- The screens will cycle a series of symbols at potentially different speeds.
- Find the ratio of the sceens' speed and flip the switch when a valid pair is shown.
- If the screens are horizontal, then valid pairs will be horizontally adjacent in a table. Otherwise they will be vertical.

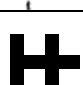

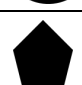

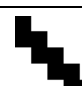

Ratio of 1/1				

Ratio of 1/2				

Ratio of 1/3				

Ratio of 2/1				

Ratio of 2/3				
				
				
				
				
				

Ratio of 3/1
